- Volunteer JavaScript Meetup

Projects

- ▶ 52Finds.com | *JavaScript, Chart.js, Yahoo Finance API, Express, Bootstrap, HTML5, and CSS3*
 - Find the best 529 portfolio for your future college student. With a few basic questions we provide the best suitable plan
- ▶ [SCURRY](https://scurry.com) | *JavaScript, Express, Node.js, PostgreSQL, Knex.js, Passport.js, Bootstrap, HTML5 and CSS3*
 - Website designed to help you create and organize events for the public, while allowing you to add existing activities to your dashboard
- ▶ [NFL INSULT GENERATOR](https://nflinsultgenerator.com) | *JavaScript, jQuery, AJAX, Bootstrap, HTML5, and CSS3*
 - An interactive website where a selected NFL team is roasted using reddit.com/r/nfl data
- ▶ [Python Arcade](https://pythonarcade.com) | *JavaScript, phaser.js, Python, Django, Bootstrap, HTML5, and CSS3*
 - A collection of JavaScript games with a Python backend

Education

- ▶ GALVANIZE DENVER, FULL STACK WEB DEVELOPMENT IMMERSIVE | 2016
 - Over 1,000 hours of industry-focused coursework. Learning includes group projects, pair programming, lightning talks, mentoring, and attending conferences and meet-ups
- ▶ UNIVERSITY OF COLORADO BOULDER | 2012
 - B.S. in Economics and minor in Political Science

Experience

- ▶ 529 ASSOCIATE, OPPENHEIMER FUNDS | CENTENNIAL, CO | 2014-2016
 - Managed college investment accounts by collaborating with clients and their financial advisors
 - Processed and maintained new accounts, while coordinating with clients to answer questions regarding tax, estate, and market volatility affects on their accounts
- ▶ FINANCIAL SERVICES REP, SCOTTRADE | WESTMINSTER, CO | 2012-2014
 - Answered clients' account questions, specifically regarding the stock market, and provided information to help clients make the right investment decision
 - Directed clients to Scottrade's official website and helped them navigate through the features to place trades
